5. Vireo - Several
6. Agelaius - Several
1. Larus - Several
7. Larus - Several
8. Merula migratoria - Numerous, singing
9. Corvus - Several
10. Thalassidroma - Several
11. Thalassidroma - Several
12. Celastor - Several

On Thursday Sept. 20, 1900, when calling on Mr. A. O. D. Taylor, Mr. Hugh Taylor, his son, brought from the ice-box: 2 Black-bellied Plover, 2 Wilson Snipe, 1 Virginia Rail, 1 Faint Pigmy Hawk, 1 Greater Yellow-legs, all shot over decoys, on Conant Island a day or two before. He also said there were many Hawks and that among those seen there were a Fish Hawk, and a Marsh Hawk. He had also seen the Krieker or Pectoral Sandpiper (Tringa maculata) there.

Mail & Clover seed on Conanicut Isl. by  
Wm. Haydon.
